

Before & After Project:

- Complete 3 photo alteration tutorials – use links on website
- You will turn in a “Before” photo (original and unaltered) and an “After” file (shows alterations).
- 2 tutorials must use original photos you took yourself. One tutorial may use stock photos.
- Each tutorial should show effort and time: a minimum of 45 minutes of work for each tutorial.
- You must demonstrate that you learned something new, complex, and unique. You must demonstrate multiple skills in each Before & After image and each image must show SIGNIFICANT change from the original photo. Changing the eye color is not significant change.
- Must be school appropriate alterations.

Each Before & After Image:

Size: 8x10” or 10 x 8”

300 ppi

rgb color mode

What you will turn in:

3 Before & After image files as .jpegs

1 Source file with all your original photos on it saved as a .jpeg
