

Create a Blendscape where you blend 2 or more images together.

Options:

- 1) Create a silhouette of an animal, bird, reptile, person, etc. Then blend inside a landscape, cityscape, beach scene, ocean scape, etc.
- 2) Create a realistic painting of a person or animal and gradually blend a landscape, cityscape, or other objects like animals, flowers, birds, clouds, water, etc.

Media: your choice of watercolor, tempera, acrylic, ink

Requirements:

- Blend a minimum of 2 images together
- Have a color scheme
- Demonstrate good composition
- Demonstrate use of the elements and principles: line, shape, form, texture, movement, balance, unity...
- Echo the architecture/features of the portrait with architecture from nature
