1) Photoshop Practice #1 – Overexposure:

Using your **OWN photo**:

- Resize and Crop to print size 5X7” or 7X5”
- Correct for overexposure.
- Turn in the before and after photo on 1 document.
- New doc at ”10X7”
- Call it yourlastname-over.jpeg

Using a different **photo of your OWN**:

2) Photoshop Practice #2: Underexposure:

- Resize and Crop to print size 4X6” or 6X4”
- Correct for underexposure
- Turn in the before and after photo on 1 document.
- New doc at 8X6””
- Call it yourlastname-under.jpeg

Photo Alteration: Before & After Tutorials Project:

- Complete 3 photo alteration tutorials – use links on website
- You will turn in a “Before” photo (original and unaltered) and an “After” file (shows alterations).
- 2 tutorials must use photos you shot. The other 1 may use stock photos.
- Each tutorial should show effort and time – a minimum of 45 minutes of work for each tutorial.
- Demonstrate that you learned something new, complex, and unique.
- Must be school appropriate.
