# Sketchbook:

Review the student examples of the Symbolic or Narrative Color Project on the gallery tabs.

- 1) Choose 1 artwork that appeals to you and describe it in detail. What images do you see? What colors? What values?
- 2) Discuss what you think the artwork is trying to convey. What is the theme or story? Is it emotional, cultural, personal, or something else? Explain.
- 3) Discuss the elements of art and principles of design that stand out. How did this student use them successfully in the artwork?
- 4) Name several Photoshop skills you think the artist used.
