

ASSIGNMENT:

1) Create a value scale (minimum 5 steps/squares 1X1") using black & white tempera paint

2) Create an observational still-life painting of the cones, cubes, spheres OR of the object still-life showing:

- The 10 values from your value scale
- developed value! Paint what you SEE in front of you. Do not copy this example.
- sophisticated composition, use of entire picture plane
- experimentation and/or mastery of media
- correct proportion OR distortion with artistic purpose
