

## Voxel Line Art Portrait Project

Using a photograph of yourself (at any age) or a family member as a reference, create a Voxel Line Art Portrait Artwork.

You may focus on the face (and neck and shoulders) or the person in a scene/environment with objects, animals, designs, etc.

Requirements:

- Use the pen tool and paths
- Vary line weight with brush dynamics (fade and pen pressure)
- Include a CREATIVE BACKGROUND: an abstract background using a tutorial, a scene in line art, a scene in digital painting, etc.
- Emphasize LINES
- Use a specific COLOR SCHEME
- Include a UNIQUE TWIST: Photo transitions to drawing, out of bounds, surreal transition of objects, text, cross-hatching lines, hair transitioning into animals, etc.

Use a combination of the following to digitally paint:

- Include Color Fills with Color Adjustment layers
- Include Shadows and Highlights with Hue/Saturation Adjustment layers
- Add value: shadows and highlights with digital painting
- Add text in creative ways
